DESCRIPTION

Palissade Park Dining Bench Add-ons by **Ronan + Erwan Bouroullec** for **HAY**.

Introducing the Palissade Park series, an extension of Ronan + Erwan Bouroullec's iconic outdoor furniture collection. The Park collection was introduced in 2022 and offers a new modular flexibility to the minimal, delineated range ideal for larger outdoor spaces.

Formed from streamlined slatted steel with curved surfaces, the collection is described by the designers as "strong without being bulky; elegant without being fragile".

With a form that references traditional French garden furniture while remaining resolutely contemporary, Palissade Park will sit easily within a variety of outdoor settings such as gardens, parks and public spaces.

The Palissade Park Dining Bench Add-ons connect to the starter's, giving users the opportunity to extend and customise unique seating arrangements to suit specific functional and aesthetic requirements.

The curved frame is available in two variants, curated to curve in differing directions, enabling the benches to be inward-facing, outward-facing, or a combination of the two.

Please note Add-ons are not freestanding, a minimum of two benches are required. Price includes steel fixation brackets. View the Palissade Park series in the 'Product range' below.
