### DESCRIPTION

**Palissade Park Dining Bench In-Out Starter Set by Ronan + Erwan Bouroullec for HAY.**

Introducing the Palissade Park series, an extension of Ronan + Erwan Bouroullec's iconic outdoor furniture collection. The Park collection was introduced in 2022 and offers a new modular flexibility to the minimal, delineated range ideal for larger outdoor spaces.

Formed from streamlined slatted steel with curved surfaces, the collection is described by the designers as "strong without being bulky; elegant without being fragile".

With a form that references traditional French garden furniture while remaining resolutely contemporary, Palissade Park will sit easily within a variety of outdoor settings such as gardens, parks and public spaces.

The Palissade Park Dining Bench offers several modules curated to curve in differing directions, enabling the benches to be inward-facing, outward-facing, or a combination of the two. Connecting the various units provides customised seating arrangements and unique layouts to suit specific functional and aesthetic requirements.

The Palissade Park Dining Bench In-Out starter set features one inward-facing and one outward-facing bench, which can be used singularly or as a foundation to begin your chosen configuration.

Bench add-ons are available here to create larger layouts, such as circles, waves and arcs.
