DESCRIPTION

PYL Floor Lamp by Marie and Alexandre for **Petite Friture**.

Designed by Marie Cornil and Alexandre Willaume in 2025, the PYL collection features unique pieces with a distinctive language. Blending pure forms with familiar visual codes like conical shapes, and tubular structures the lights balance function and harmony through careful proportions.

The duo drew inspiration from pylons, signals, and beacons for the lights' form, while looking to 20th-century Italian design to shape the colour palette. This is reflected in the floor lamp with a tubular body and a conical shade at its top. The conical shade emits an indirect dimmable light which provides a gentle glow to any space.

Each piece in the collection stands out alone but achieves depth when paired, creating a rhythm of shapes and colours.
