

Plass pendant light, 2011

Designer: **Luca Nichetto**

Manufacturer: **Foscarini**

£604

DESCRIPTION

Plass pendant light by **Luca Nichetto** for **Foscarini**.

The Plass pendant lamp re-interprets the artisan tradition of glass making using a contemporary process and modern material - rotationally-moulded polycarbonate.

The modern Plass light works well in large and high spaces, alone or in multiple compositions.

Available in light blue or grey, and in two sizes.

Note: Composition of multiple Plass Media lights can be created using the **Multiple pendant canopy** from Foscarini. For possible compositions, please enquire for more details.
