

PP112 Easy Chair

Designer: **Hans Wegner**

Manufacturer: **PP Møbler**

£4,533

DESCRIPTION

PP 112 Easy Chair by **Hans Wegner** for **PP Møbler**.

This light and elegant chair is a brilliant example of Wegner's insistence on traditional simplicity in both construction and design.

It was born in 1978 from Hans Wegner's many attempts at creating a modern version of the British Windsor Chair, including features from the series of Chinese chairs. The fact that Wegner with this hybrid chair obviously returned to the theme of the Chinese Chair, just like he did with pp201/pp203, is also a testament to the close friendship with co-founder of PP Møbler, Ejnar Pedersen.

Indeed the pp66 Chinese Chair was the first of Wegner's early chair designs to be reintroduced by PP Møbler, and one of Pedersen's all-time favourite Wegner designs.

DIMENSIONS

70w x 62d x 38/76cmh
