

## PP550 Peacock Chair

Designer: **Hans Wegner**

Manufacturer: **PP Mobler**

£8,160

### DESCRIPTION

**PP550 Peacock Chair** by **Hans Wegner** for **PP Mobler**.

Despite this easy chair's almost postmodern design, it was actually designed in 1947 and named the Peacock chair by Finn Juhl. Its modern lines are not only a matter of looks but also a feat of ergonomic aesthetics. The flat part of the sticks, which give it the peacock-like appearance, are placed where the shoulder blades meet the chair's back. The chair was inspired by the classic Windsor chair.
