

PP75 Extending Leaves

£650

DESCRIPTION

PP75 Extending Leaves for PP75 extending table by Hans Wegner for PP Mobler.

The PP75 extending table can be expanded with 105cm or 125cm extension leaves for the centre of the table. Offering a significant degree of flexibility. A steel stretcher formation is beneath the table to ensure the stability is maintained.

Wegner maximised the knee legroom available by joining the 4 table legs at the centre of the round top. Each leg is then supported by steel stretchers that turn into strong triangular formations within each stretcher and between the stretcher and the wooden leg.

Please see product range below for more information on the **PP75 extending table**.

***Please note extending leaves must be purchased with PP75 table**

50cm leaf for PP75/120 / 60cm leaf for PP75/140

DIMENSIONS

pp75/120 leaf: 50cm length

pp75/140 leaf: 60cm length

MATERIALS

Crafted from oak (soap/clear bio oil/white bio oil/TannicTint black) or ash (soap/white bio oil).

Extending leaves for round table available in two sizes. 120 cm dia has extension of 105cm, and 140cm dia table has the extension of 125cm. Leaves are to be ordered with the table if required. Leaves available as veneered wood in the same finish as the table or as solid wood, again with the same chosen finish as the table.
