

Sussex Plinth Sideboard | 178

Designer: **Terence Woodgate**

Manufacturer: **Punt**

£2,922

DESCRIPTION

Sussex Sideboard by **Terence Woodgate** for **Punt**.

The modular Sussex storage system, designed in 2000, is widely adaptable to most circumstances. The slatted design on the front of the units hides the configuration as well as serving as handles for doors and drawers.

Interior and exterior of this sideboard are veneered with either natural oak or walnut (natural walnut interior with super-matt walnut and dark stained walnut exterior finishes, oak interior with all other exterior finishes). Doors have 94-degree opening and drawers have soft closure. Drawers have full extraction runners. Plinths are finished in textured powder-coated steel with adjustable feet.

Modules and panels combine to form units which appear custom-made for your needs. Elegant and functional, this system allows you to combine numerous modules (cupboards, chest of drawers and combinations of both), panels, fronts, plinths, adjustable feet, wall shelves and extras to form your ideal composition. There are also set compositions available and option to include a cable port.

Quickship available for super matt oak unit with black base.

DIMENSIONS

178w x 47d x 70cmh

MATERIALS

Pricing example is for a sideboard with two doors and two drawers on a plinth as seen on the main image.

Available in a wide range of configurations and finishes, please view the pdf spec sheet available in Product downloads which shows a range of suggested compositions, or contact us to discuss your personal requirements.

Note: This product arrives assembled. We advise you carefully review the dimensions before purchasing. If you require an access check, please get in touch with us [here](#).

Please enquire if you would like to receive the product with cable holes, as they do not come as standard.
