

Quaderna 2830 Writing Desk, 1970

Designer:**Superstudio**

Manufacturer:**Zanotta**

£5,262

DESCRIPTION

Quaderna 2830 writing desk by Superstudio for Zanotta.

The Quaderna range was designed by Superstudio for Zanotta in 1971 and is considered by critics as one of the clearest expressions of the theories of the 'Radical design' movement which was born in Italy in the late '60s. Starting from an extremely critical position in regards to the Modern movement, the Superstudio group theorised the necessity to adopt a new attitude towards projects - not only in a 'functional key' but also by giving great attention to symbolic and expressive aspects of the industrial products.

DIMENSIONS

180w x 81d x 72cmh

MATERIALS

Featuring a honeycomb core, coated with white plastic laminate and and digitally silk-screen printed with black squares this writing desk is striking, yet restrained.
