

Flip side table, 2007

Designer: **Alexander Seifried**

Manufacturer: **Richard Lampert**

£468

DESCRIPTION

Flip folding side table by Alexander Seifried for Richard Lampert.

'It was quite challenging to redesign this archetype of a foldable coffee table, which caught our attention in front of a coffee bar in Stuttgart, unchanged for decades. This new and clean design reflects the puristic sense of our principal concept. An optional shelf to on the lower part of the table enables storage of magazines and books.'

The Flip folding tables have limited, but good, UV and weather resistance and can be used outdoors.

Exclusive to twentytwentyone.
