DESCRIPTION

DHS 10 Shelving System by **Herbert Hirche** for **Richard Lampert**.

Designed in 1954 and re-introduced by Richard Lampert in 2019, the DHS 10 shelf holds a great place in German design history and blends functionality, simplicity and outstanding design details in one product. Previously produced by Christian Holzäpfel KG, the shelf system is now produced by Richard Lampert and features tubular steel ladders, shelves, back panels and cabinets. Combine the right components that suit your needs.
