

## Wonder Box desk and bench, 2012

Designer: **Monica Forster**

Manufacturer: **Richard Lampert**

£538

### DESCRIPTION

**Wonder Box desk and bench** by **Monica Forster** for **Richard Lampert**.

At first glance Wonder Box appears to be a cube, when in fact it's a desk and matching bench that fit perfectly one into the other, forming a compact block. On further inspection, the duo presents many more practical details and additional functions.

On the one side, the rotating tabletop can be used as a writing desk and on the other side, the special surface finish means it can be used as a blackboard. An integrated, roomy drawer offers more than enough space for writing instruments or toys. The tabletop is also equipped with a groove for keeping pens, pencils and crayons in.

Exclusive to twentytwentyone.

### DIMENSIONS

70w x 35d x 30/50cmh

## MATERIALS

MDF frame with lacquer finish.

Available in white RAL 9010 with basalt grey RAL 7012 chalkboard lid.
