

Roebuck Chair

Designer: **Ernest Race**

Manufacturer: **Race Furniture**

£402

DESCRIPTION

Roebuck stackable dining chair by Ernest Race for Race Furniture.

Race designed progressive and enduring furniture. His work was critically acclaimed and awarded. Over a short time frame, Ernest Race embraced formed plywood and solid wood seating, cast recycled aluminium, organic, flowing upholstery designs and skeletal steel rod structures.

twentytwentyone are very pleased to host the relaunch of the Roebuck chair. Designed to complement the Antelope, it has been out of production for 44 years.

Wholly authentic to the original design, the Roebuck, designed in 1951, has personality and is a durable, economical stacking chair for indoor or outdoor use.

Black stained seat and back available with a surcharge, please **enquire** for details.

DIMENSIONS

50w x 51d x 46/76cmh

MATERIALS

Powder-coated steel rod frame available in a range of colours. Oak veneer or laminate oak seat and back. Nylon ball feet available in black or white. The Roebuck will stack 4 chairs high.
