

Tekio Circular, 2017

Designer: **Anthony Dickens**

Manufacturer: **Santa and Cole**

£2,880

DESCRIPTION

Tekio Circular pendant light by Anthony Dickens for Santa + Cole.

Santa & Cole Tekiò range derives its name from the Japanese word for *adaptation*. This exquisite range seamlessly blends traditional craftsmanship with advanced Warm to Dim LED technology, allowing precise control over the intensity and colour temperature.

The meticulously crafted Tekiò lighting structures are made with delicate handmade paper, showcasing a harmonious fusion of ancient techniques and contemporary innovation. By selecting different combinations, one can create an array of linear or circular shapes in various sizes. Please view the complete collection in the Product Range area below.

The Tekiò Circular variant offers three size options, accompanied by either a circular or rectangular canopy. Tekiò Circular P4 is only available with a circular canopy.

DIMENSIONS

Tekiò Circular P4: 69dia x 25cmh, 5.5kg

5m

MATERIALS

Structure:
Metal structure

Shade:
Washi Japanese paper shade. Methacrylate inner diffuser.

Canopy:
White metallic canopy with power supply incorporated. Available with circular or rectangular canopy.

Suitable for dimming 1-10V. (External dimmer switch not included).

Dim to Warm control 2200K – 2700K.

Light Source (dimmable):
Tekiò Circular P4 (included):
Built-in LED
Output 72W / Input: 100 ~ 277 Vac.
(50 Hz / 60 Hz).According to destination.
CCT: 2200 - 2700 K
CRI: 85
Useful life: 40000h
Luminous flux: 3050 lm

Tekiò Circular P8 (included):
Built-in LED
Output 200W / Input: 100 ~ 277 Vac.
(50 Hz / 60 Hz).According to destination.
CCT: 2200 - 2700 K
CRI: 85
Useful life: 40000 h
Luminous flux: 8084 lm

Tekiò Oval P12 (included):
Built-in LED
Output 300W / Input: 100 ~ 277 Vac.
(50 Hz / 60 Hz).According to destination.
CCT: 2200 - 2700 K
CRI: 85
Useful life: 40000 h
Luminous flux: 13091 lm
