DESCRIPTION

GT6 Pendant by Equipo Santa + Cole.

The GT5 and GT6 are ideal for average-size spaces or domestic use. The pendant lamps feature beautiful ribbon shades that add elegance and a touch of colour to a neutral room. Designed in 1994, the GT5 pendant lamp was the first of a large family created as an alternative to the use of cardboard, methacrylate, or solid textile shades; the use of cotton ribbon reincorporates traditional craftsmanship.

This is a colourful family that varies in size without altering its essence, creating rich luminous tones. With the light on, the shade provides a warm light, rich in nuances. With the light off, this lamp is a sculptural statement piece that enhances the room.

Smaller in diameter than its sister pendant, the GT5, see 'Product range' below.
