£702

DESCRIPTION

Tripode G5 floor lamp by Equipo Santa + Cole.

Trípode is a family conceived to lend neutral spaces a warmer touch through the use of colour. This series features two sizes of table lamps, and a popular floor version, in addition to a pendant lamp version in various sizes.

Designed in 1997, the GT5 pendant lamp was the first of a large family that was created as an alternative to the use of cardboard, methacrylate, or solid textile shades.

The use of handmade cotton ribbon reincorporates traditional craftsmanship. With the light on, the shade provides a warm light, rich in nuances. With the light off, this lamp is a sculptural statement piece that enhances the room.
