DESCRIPTION

Tripode M3 Table Lamp by **Equipo Santa + Cole**.

Trípode is a family conceived to lend neutral spaces a warmer touch through the use of colour. This series features two sizes of table lamps, a widely known floor version (the G5), in addition to a pendant lamp version in various sizes. Designed in 1994, the GT5 pendant lamp was the first of a large family created as an alternative to the use of cardboard, methacrylate, or solid textile shades; the use of handmade cotton ribbon reincorporates traditional craftsmanship. With the light on, the shade provides a warm light, rich in nuances. With the light off, this lamp is a sculptural statement piece that enhances the room.
