

Cestita Bateria, 2017

Designer: **Miguel Mila**

Manufacturer: **Santa and Cole**

~~Was £612~~ Now £520

DESCRIPTION

Cestita Bateria table lamp by **Miguel Mila** for **Santa + Cole**.

Cestita - the little sister of the **Cesta light** designed by Miguel Mila in 1962 - is now available in a portable and rechargeable version, lending a new versatility to a classic lighting design.

The Cestita Bateria light features the oval opal polyethylene shade held within a cherry wood frame of the original **Cestita** design, but a USB charging function liberates the design from the need for cable and plug. Instead, Cestita Bateria can be carried and placed wherever you wish.

DIMENSIONS

22dia x 29/36cmh

MATERIALS

Supporting frame and handle made of cherry wood; a shade in either opal polyethylene or white opal glass.

To prevent wood degradation, the lamp should not be left outdoors permanently.

The Lithium battery provides 5 hours of light on high power, 12 hours on medium power and 24 hours on low power.

To prevent wood degradation, the lamp should not be left outdoors permanently.

Battery charging time: 6 hours.

Light source: 2.5W LED integrated. Suitable for indoor use only. Input voltage: 90 ~ 305 Vac. 100, 120, 230 Vac. (50 Hz / 60 Hz).

IP 20 rating
