

Estadio 150, 2002

Designer: **Miguel Mila**

Manufacturer: **Santa and Cole**

~~Was £10,986~~ Now £9,338

DESCRIPTION

Estadio 150 pendant lamp by **Miguel Mila** for **Santa + Cole**.

The Estadio pendant lamp is a powerful ring of light made of glass blocks that blazes and projects light. It has been installed in such distinguished settings as the Olympic Stadium and the Diocesan Museum of Vic. The metallic structure is evocative of medieval iron lights, whilst its atmospheric projection of light is wholly timeless.

Please note - pricing example is for an **Estadio 150 (18 light sources)**, the range also includes the smaller **Estadio 105** and larger **Estadio 250**, and the linear **Linea Estadio**. Please see the 'Products range' below or **enquire** for details.
