

Jacquard Socks

Manufacturer: **Sasawashi**

£14.17

DESCRIPTION

Jacquard Socks by **Sasawashi**.

When Sasawashi was launched over two decades ago, their inaugural range included two sock designs crafted from their innovative Sasawashi yarn: a five-toed pair and a ribbed pair. These creations emerged after meticulous research to guarantee exceptional smoothness and comfort.

Returning to their beginnings, Sasawashi has introduced the Jacquard socks, a pair of comfortable socks crafted using a jacquard machine, with extra yarn incorporated at the toe and heel for added durability. Sasawashi boasts outstanding absorption properties, while the natural Kumazasa ingredients contribute antibacterial and deodorising effects, preventing perspiration-induced dampness and undesirable odours.
