DESCRIPTION

Sempé w103c table lamp by **Inga Sempé** for **Wastberg**.

'This elementary lamp is meant to be as simple and solid as a nail or a push pin. As with traditional tool machine lighting, the mechanics are sturdy and long-lasting, with the aim of improving classical industrial elements: the clamp is inverted to offer a better way of using it. Its silhouette and its various positions bring to mind a small umbrella'. Inga Sempé

Sempé w103c has a clamp fixing that allows the lamp to be mounted in three different positions. Adjustable shade. Warm white LEDs with optical lens and glare protecting reflector.

DIMENSIONS

28dia x 50cmh

MATERIALS

Made from aluminium and steel, the w103c is available in the colours jet black beige red, reed green or traffic white.
