

Applique 1 Arm Two Swivels Wall/Ceiling Light

Designer: **Serge Mouille**

Manufacturer: **Serge Mouille Editions**

£2,472

DESCRIPTION

Applique 1 Arm Two Swivels Wall/Ceiling Light by **Serge Mouille** for **Serge Mouille Editions**.

Plafonnier Pivotants was developed by Serge Mouille after the success of his earlier floor light, Lampadaire 3 Bras Pivotants. Like many of Mouille's lamps of this era, the rotating ceiling light has a kinetic quality, conjuring a sense of movement. Characterised by its sculptural aesthetic, the lamp features shell-like shades and delineated arms.

The Applique 1 bras droit double ceiling/wall light was designed in 1958 and features a single arm that can tilt up to 70 ° and can achieve 360 ° rotation. The shell-like reflector can articulate up and down in a 270° rotation and 55° inclination allowing the quality distribution of light throughout a room. The base is connected to the arm and the arm to the shell reflector with the Serge Mouille signature brass joint.

Bulbs (included): 42W max - E27 - 230V - 50Hz

Delivered with a certificate of authenticity, each lamp is stamped and numbered.

DIMENSIONS

Base: 8.2dia cm

Length: 70cmh

1.2kg
