DESCRIPTION

Rotating wall lamp, 1 rotating arm by Serge Mouille for Serge Mouille Editions.

Applique Pivotants is a wall-mounted adaptation of Serge Mouille's original three-arm floor lamp. The wall sconce retains the original sculptural aesthetic and kinetic quality of its predecessor with a shell-shaped shade, attached to a slimline arm.

The shades have tiltable heads which can be articulated up, down and around in a 270° rotation. The multiple-arm variations can be rotated independently allowing for both ambient and direct light wherever positioned.

The rotating wall lamp features Mouille's signature use of refined lines, six-sided hardware and the brass swivel connector, joining the arm to the diffuser.

Delivered with a certificate of authenticity, each lamp is stamped and numbered.
