## DESCRIPTION

**Series 430 Bar Stool** by **Verner Panton** for **Verpan**.

In 2015, Verpan rediscovered the Series 430 in the Panton archives; a chair which had remained relatively unknown since its original release in 1967, as it was only produced briefly.

Upon discovering the design, Verpan utilised Verner Panton's original sketches and notes to revive this classic design to meet current standards.

Panton's idea for the Series 430 was to create a simple chair with comfort similar to an armchair. To achieve this, he integrated traditional webbing into the fully upholstered seat, which allowed it to adapt to the body's weight and form a cosy, enveloping backrest, all supported by a slender frame.

The barstool is highly versatile and suitable for various settings, such as in the home or restaurants and bars.

Minimum order quantity is 2 pcs per fabric/colour.

The Series 430 also includes a chair, stool and table.
