

Shimmer low tables, 2015

Designer: **Patricia Urquiola**

Manufacturer: **Glas Italia**

£1,498

DESCRIPTION

Shimmer low tables by **Patricia Urquiola** for **Glas Italia**.

Glas Italia has enlisted a roster of internationally renowned designers to create striking new furniture that marries progressive design with a heritage and tradition of master craftsmanship in glass.

The Shimmer family of tables are made from extra-light glass finished with a highly specialised polychromatic coating allows each piece to reflect an array of subtle colour variations across their surface.

This striking iridescent effect, which varies continuously depending on the angle of light and the vantage point, gives the Shimmer range its name.

Round and oblong table top options are available, in small and large sizes. Round tables are three-legged and oblong has four legs.

Table legs are made of the same glass as the table top with a rounded form lends a sense of great lightness.

Also available as a console table or mirror, see in the 'Product range' below.

MATERIALS

Shimmer tables are made from extra-light glass finished with a highly specialised polychromatic coating allows each piece to reflect an array of subtle colour variations across their surface.

Please note that the production process generates a unique finish for every table, meaning that variations in colour and texture are part of the essential character of each piece.
