

Dryp Drying Rack

Designer: **Rikke Frost**

Manufacturer: **Fritz Hansen**

£359

DESCRIPTION

Dryp Oak Drying Rack by **Rikke Frost** for **Fritz Hansen**.

Dryp is a light and streamlined clothes-drying rack that takes up minimal space and can easily be folded away when not in use.

The frame is made of solid oak and the clothes lines are plaited linen, giving the rack an appearance that is at once contemporary and classic.

Dryp may be used free-standing or leaning against a wall. Discrete rubber tips ensure that the clothes-drier stands firmly and will not scratch the wall or floor when loaded with wet clothes.

DIMENSIONS

70w x 10d x 180cmh

MATERIALS

Made from FSC mix certified oak.
