

Fronda Soft stool

Designer: **Sam Hecht and Kim Colin**

Manufacturer: **Mattiazzi**

£741

DESCRIPTION

Fronda Soft stool by **Sam Hecht + Kim Colin** for **Mattiazzi**.

The Fronda Soft stool is a new edition, adding a tactile warmth to the Fronda family.

"Fronda has a unique character in its appearance, but it's actually informed by how it can be used. Not just how we sit, but why we sit has changed, and for how long." - Kim Colin.

The Fronda Soft stool utilises the same design but adds an upholstered seat making it suitable for various home, work or play uses.

Featuring a pine frame, the Fronda Soft can be upholstered in a selection of four Kvadrat fabrics. The knitted fabric has a level of stretchiness that defines the ergonomic curves, characteristic of the Fronda stool.

DIMENSIONS

39.5w x 48.2d x 46.3/51.7cmh

MATERIALS

Pine of European origin and legal wood cutting.

Steel seat.

Seat available with non-removable upholstery - in selected Kvadrat Planum fabrics. Please see product specification pdf for further details.
