

Steel Pipe trolley, 1968

Designer: **Shiro Kuramata**

Manufacturer: **Cappellini**

£1,464

DESCRIPTION

Steel Pipe trolley by **Shiro Kuramata** for **Cappellini**.

This remarkably simple and intuitive object follows a ten-year collaboration with the renowned designer and a continuous relationship with the Shiro Kuramata foundation which is dedicated to the research of the artist/designer's many projects. Designed in 1968, Steel Pipe is a cart where form and function are immediate but distinguished by the refined aesthetics of Shiro Kuramata. Steel Pipe, proposed in the black and white tones that characterize most of his projects.

DIMENSIONS

82w x 41d x 69.5cmh

MATERIALS

An iron structure epoxy powder coated matt black with a white laminate top, black cover and grey plastic wheels.
