

String Pocket Shelving

Designer: **Nisse Strinning**

Manufacturer: **String**

£129.17

DESCRIPTION

String Pocket Shelving by Nisse Strinning for String.

String Pocket is a highly flexible and light shelving system consisting of a set of three shelves that can be placed anywhere along two walls mounted to metal or Perspex panels.

This simple and economical, light shelving with its minimal structure has become one of the twentieth century's foremost design icons, receiving many design accolades over its 60 years of existence.

The shelves are easy to assemble. Each shelf can be quickly relocated.

String Pocket is part of the String System, a robust and versatile shelving system offering different shelves depths, which can be combined and enriched with separate filing or display cabinets, magazine racks, table, drawers, desk, etc. modules.

The String shelving system offers endless combinations suitable for any room and usage, please see 'More products in this range' below, and use the building tool to design your ideal configuration here.

Once you are happy with the result, email the pdf to your email address and order the quantities as listed with our showroom.

If you need any help or advice with this highly flexible system, please contact us here. You will also find a pricelist of the full String range available to download in 'Product downloads.'
