DESCRIPTION

String System Living room J configuration by Nisse Strinning for String.

The String System is a robust and versatile shelving system offering different shelves depths, which can be combined and enriched with separate filing or display cabinets, magazine racks, table, drawers, desk, etc. modules.

Express your creativity with the String System Living Room J combination. Store your books and valuables on the shelves and in the drawers, and add personality to the set up by adding a painting next to the higher floor panels. Or just let the painting rest on the shelves.

The String shelving system offers endless combinations suitable for any room and usage, please see 'More products in this range' below, and use the building tool to design your ideal configuration **here**.

Once you are happy with the result, email the pdf to your email address and order the quantities as listed with our showroom.

If you need any help or advice with this highly flexible system, please contact us **here**. You will also find a pricelist of the full String range available to download in 'Product downloads'
