

String System Floor Panels, 1949

Designer: **Nisse Strinning**

Manufacturer: **String**

£95

DESCRIPTION

String System Floor panels, part of the String System shelving system by **Nisse Strinning** for **String**.

The floor panels are the structure on which the shelves or any other elements such as filing cabinet, display cabinet, desk, drawer units, tables, etc. rest. The top is wall mounted while the bottom rests on the floor.

The String System is a robust and versatile shelving system offering different shelves depths, which can be combined and enriched with separate filing or display cabinets, magazine racks, table, drawers, desk, etc. modules.

The String shelving system offers endless combinations suitable for any room and usage, please see 'More products in this range' below, and use the building tool to design your ideal configuration [here](#).

Once you are happy with the result, email the pdf to your email address and order the quantities as listed with our showroom.

If you need any help or advice with this highly flexible system, please contact us [here](#). You will also find a pricelist of the full String range available to download in 'Product downloads'
