

Museum Shelf

Designer: **TAF Architects**

Manufacturer: **String**

£170

DESCRIPTION

Museum Shelf by **TAF Architects** for **String**.

The museum accessory is a versatile aluminium and steel shelf. With the ability to adjust its height it has a variety of uses, from a bedside table, or a pedestal for decorative objects.

It was designed by TAF Studio for the renovation of the Nationalmuseum in Stockholm. A modular system to display priceless objects.

It is available in a range of coloured finishes.

DIMENSIONS

24w x 28w x 8cmh

MATERIALS

Fine textured coated aluminum and steel.
