

Museum Side Table

Designer: **TAF Architects**

Manufacturer: **String**

£300

DESCRIPTION

Museum Side Table by **TAF Architects** for **String**.

The Museum Side Table, crafted from durable aluminium and steel, is a versatile piece that can be adjusted to various heights to suit your needs. Whether used as a bedside table, small coffee table, or a pedestal for decorative objects, this table can adapt to suit any space.

Although the table was originally designed for the Nationalmuseum renovation in Stockholm as part of a modular display system, it makes a great flexible companion for small spaces and modern open plan homes.

The contemporary, adjustable design is available in various coloured finishes to match any decor.

DIMENSIONS

24w x 30w x 76.5cmh

MATERIALS

Fine textured coated aluminum and steel.
