

Relief Drawers - Low

Designer: **TAF Architects**

Manufacturer: **String**

£1,410

DESCRIPTION

Relief Drawers - Low by **TAF Architects** for **String**.

Relief, a versatile collection of chests of drawers crafted by Stockholm-based designers Gabriella Lenke and Mattias Ståhlbom at TAF Studio. Crafted with meticulous attention to detail, Relief boasts simple lines and thoughtful design elements to present a complete storage solution that effortlessly adapt to any space and style.

Engineered to seamlessly lock together, with **connecting legs**, available from the product range below, Relief elements form a unified unit for stability and convenience. With five colours and three heights and widths to choose from, the possibilities for creating your ideal storage setup are endless.

Each Relief chest of drawers can be combined with matching **wall hooks** to create a cohesive wardrobe system.

If you need any help or advice with this system, please contact us **here**.

DIMENSIONS

123w x 41d x 46.6cmh.

MATERIALS

Laquered MDF, handles and legs in powder coated aluminium

Manufactured with sustainability in mind, Relief is made in Swedish factories powered by 100% renewable energy. Delivered flat-packed to reduce transportation costs and pollution, it's an eco-friendly choice for organizing your space with style and functionality.
