Manufacturer: **studio vit**

£40

Stock Information.

DESCRIPTION

Vessels Large Carafe by studio vit.

Vessels is a delicate collection of tableware by Studio Vit. The refined family of cups and glasses are all unique, each piece a different shape and size but unified in their modest elegance and the thinness of the crystal glass and bone china.

The carefully designed form of the large carafe is hand blown in lead-free crystal glass, made as fine as possible, challenging what is possible to achieve with the material. Its delicacy emphasises a sense of closeness to the liquid and brings an elegance to your kitchen or dining table.

As each piece is handmade, there are very slight variations in shape and thickness, enhancing their individuality and charm. A small glass carafe is also available.

Care: Hand washing is recommended due to the fine nature of the vessels.

DIMENSIONS

5.5/9.8dia x 28.3cmh

Capacity 1200ml

MATERIALS

Crystal Glass
