DESCRIPTION

Suspence by **GamFratesi** for **Fritz Hansen**.

The Suspence pendant light, designed in 2013, was inspired by the idea of translating movement into a physical shape. This concept is represented by the small tip at the top of the lamp.

Suspence has a soft aesthetic that complements the concept behind the design. The tip at the top of the light signifies the force acting on the light when hanging. The pendant has a removable diffuser to offer a concentrated or diffused light.
