

Lamino side table, 1956

Designer: **Yngve Ekström**

Manufacturer: **Swedese**

£320

DESCRIPTION

Lamino side table by **Yngve Ekstrom** for **Swedese**.

Part of the iconic Lamino range, the Lamino side table shares the same characteristics as its counterparts. Defined by its gentle curves made from natural materials, the table is suited to contemporary and traditional settings; despite its conception over fifty years ago.

The collection was initially designed by Yngve Ekström, the founder of Swedese, and includes the Lamino chair, a seat widely recognised as a Swedish design classic. In 1999, the easy chair earned the title of "Swedish furniture design of the twentieth century" from the influential Swedish magazine Sköna Hems.

Samples of all finishes may be viewed at our shop and showroom.

DIMENSIONS

46dia x 49cmh

MATERIALS

The side table is available in oak, beech or walnut in a range of finishes.
