

## Lamino stool, 1956

Designer: **Yngve Ekström**

Manufacturer: **Swedese**

£538

### DESCRIPTION

**Lamino stool** by **Yngve Ekstrom** for **Swedese**.

Designed to accompany the **Lamino easy chair**., the Lamino stool shares the same characteristics as its partner. Defined by its gently curved frame, the stool combines natural materials with meticulous craftsmanship to deliver exceptional comfort.

The versatile stool can be used on its own for sitting or paired with the Lamino as a footstool for maximum relaxation.

The seat was initially designed in 1956 by Yngve Ekström, the founder of Swedese, and has remained in continuous production ever since.

The Lamino chair is considered a Swedish design classic, earning the title "Swedish furniture design of the twentieth century" from the influential Swedish magazine Sköna Hems.
