DESCRIPTION

Swoon Lounge Petite Chair by **Space Copenhagen** for **Fredericia**.

The Swoon lounge petite chair by Space Copenhagen elegantly bridges the gap between the traditional lounge chair and a classic armchair, the structured design is constructed with a one-piece injection-moulded shell, upholstered in either fabric or leather and is complemented with a soft fabric cushion. The petite version of this chair has a similar shape with a more upright form and smaller frame.

The Swoon's organic form was carefully designed with exemplary back support, providing a high level of comfort which combined with its compact size, makes it an ideal choice for modern lounge areas or home interiors.
