DESCRIPTION

Table by **Caruso St John** for **Established + Sons**.

Table designed by Caruso St John is a simple and understated wood table ideal for everyday use. The table features a wood base and top surface in either linoleum or Corian. Solid and sturdy, this practical table is well-suited to a range of environments such as meeting spaces or dining rooms.

The side profile of the table features a patterned design of the lumber-board joints. Resembling plywood, lumber board is an engineered timber product, which is strong and durable.

Available in four sizes.
