DESCRIPTION

Talk Table Lamp by **Marge Arkitekter** by **Orsjo**.

Designed for the Rica Talk Hotel, the talk series are based on the practical form of flashlights, with a flexible and adjustable directional light.

"The idea for the lamp arose from the need for a bedside lamp in the hotel rooms. We were clear in our own minds about exactly what we needed, but we couldn't find what we wanted in the market. So we decided to design Talk ourselves," Katarina Grundsell (Marge Arkitekter).
