DESCRIPTION

Window Posters by **Richard Woods** for **The Wrong Shop**.

The Window series is a collection of four posters designed by the English artist Richard Woods.

A trained sculptor, Richard Woods's work can be considered a mixture of art, architecture and design. With a strong interest in home improvement, DIY aesthetics and re-surfacing existing structures, the award-winning artist creates instantly recognisable forms with flat surfaces, bold lines and lively colours.

The Window series showcases the Woods's signature style, where the windows are transformed into cartoon-like representations of themselves made from thick black lines and solid colours.
