## DESCRIPTION

**Bas Posters** by **Ronan Bouroullec** for **The Wrong Shop**.

A series of four posters designed by Ronan Bouroullec, the Bas Posters feature abstract forms in a mixture of calming and vibrant tones. The shapes have a strong sense of depth and perception provided by their paint-like texture, which is enhanced by the glossy paper.

The compositions appear on serene, muted backgrounds, which create a peaceful contrast to the organic shapes.

The designs are finished with a printed frame around their border, referencing the anniversary edition posters, which are available with a solid aluminium frame.
