Designer: **Moe Redish**

Manufacturer: **Tiipoi**

£70

DESCRIPTION

Tipu Pepper Mill by **Moe Redish** for **Tiipoi**.

The Pepper Mill by Tiipoi is handcrafted in Channapatna, India, using traditional wood lathe techniques that date back to the 18th century. The skilled artisans of this area are known for their intricate, hand-carved and lacquered children's toys, evident in the playful form of this kitchen accessory.

Each pepper mill takes half a day to create and involves coating in centuries-old resin or lac produced by the Tachadria lacca insect. The vibrant, colourful appearance is achieved through natural vegetable dyes and polished with screw pine leaves for a glossy finish.

Pair with the **Tiipoi Tipu Salt Mill** for a unique kitchen and tableware set.
