

## Nambu Tekki Deep Pan

Designer: **Sori Yanagi**

£190

### DESCRIPTION

**Nambu Tekki Deep Pan** by **Sori Yanagi**.

The Nambu Tekki Deep Pan, designed by the Japanese industrial designer Sori Yanagi, is a charming and practical cooking utensil.

Crafted from durable Nambu Tekki cast iron, a material traditionally used in Japanese cookware for its resilience and superior heat distribution. This pan is perfect for preparing stews and soups and adds an elegant touch when used for serving.

The pan has a detachable handle that securely grips the lid, making it easy to remove when hot. Additionally, the pan is ovenproof and suitable for gas, electric, and induction stovetops.

The Nambu Tekki Deep Pan received the prestigious Good Design Award in 2002.
