

Toyo T190 Trunk Toolbox

Manufacturer: **Toyo**

£27

DESCRIPTION

T190 Trunk toolbox by Toyo

The T190 Steel Trunk Type Tool Box by Toyo Steel is a masterpiece. Made from a single piece of solid Japanese sheet metal, the toolbox offers a sturdy and lightweight design without any welding. With rounded asymmetrical corners and no handles, this toolbox has a clean and sleek look and is secure, with four rounded feet for stability.

Packaged in a stylish Japanese cardboard box, this toolbox is perfect for safely storing your tools and other items. Toyo Steel, established in Osaka, Japan in 1969, believes in creating practical and stylish products, and this toolbox is no exception. Crafted with a drawing press technique from solid plate metal, this toolbox is a classic design.
