

'Draw a Classic Chair' Cards

Manufacturer: **twentytwentyone**

£9.50

DESCRIPTION

'Draw a Classic Chair' Cards for twentytwentyone.

To reflect on our new way of life during the Covid-19 pandemic, twentytwentyone asked you to create an image of a classic chair. Going back to basics, to play with pencils and paper, and to open our eyes to see things in a slightly different light. You responded with pieces which captured the character, spirit and history of the designs.

Each design was selected for a different reason, from the energy it may have captured to the emotion it embodied, the care and skill taken in the execution setting the drawings apart. Our project also demonstrated the enduring qualities of classic designs and that design longevity is cherished.

The card designs are by Mark Whitfield, Alex Mowat, Keziah Biggin, Emmanuelle Walker, Solen Fluzin and Zebedee Helm.

All proceeds will be donated to www.safaplace.org
