Reclining Chair

Designer: **Robin Day**

Manufacturer: **twentytwentyone**

£2,335

DESCRIPTION

Reclining Chair by **Robin Day**.

“A good design should fulfil its purpose well, be soundly constructed and should express in its design this purpose and construction.” Robin Day

The Reclining chair was originally designed in 1952 and was considered by Robin Day to be one of his most successful and iconic designs. The high comfort levels and clearly articulated structure fulfilled Day's exacting design sensibilities. The modernist vocabulary of the Reclining chair encapsulates principles that were inherent in much of his wide body of work.

The Reclining chair is part of the Robin Day Collection® made by twentytwentyone under licence from the Robin and Lucienne Day Foundation.

Made in the United Kingdom.

Please note that the Reclining chair with sheepskin upholstery does not come with a buttoned backrest.

DIMENSIONS

89w x 94d x 43/93cmh
