DESCRIPTION

Unseen Chandelier by **Studio Pepe** for **Petite Friture**.

In celebration of their 10th anniversary, Petite Friture collaborated with Studio Pepe to create the Unseen collection.

"We want to preserve the idea that light is pure through the modern techniques we employ in our design. The manufacturing of the piece proved to be very trying because of the technical difficulties of the light. We sought to recreate the classic neon light, but with LED technology." Arianna Lelli Mami and Chiara di Pinto.

The Unseen Chandelier utilises neon-light-like forms to create a unique lighting system, with pieces that work together to make a unique composition of vertical and horizontal lines.
