

Kitos M Desk

Manufacturer: **USM**

£2,252.50

DESCRIPTION

Kitos M Desk by **USM**.

The USM Haller Kitos M desk offers versatility for both sitting and standing positions. This sleek and uncomplicated desk features adjustable height settings. Concealed beneath the tabletop, a discreet cable tray provides ample space for organizing cables and electrical components. Accessible from the table's rear, this feature is designed for convenience.

Utilizing a patented mechanical height-adjustment mechanism, the USM Kitos M desk effortlessly caters to the contemporary office's diverse needs. It's particularly well-suited for shared workspaces and hot desking. Users have the flexibility to choose between sitting and standing positions, transitioning between the two with ease. The height control feature ensures adequate legroom for all individuals.

The "M" designation in its name signifies its mechanical spring-loaded height adjustment. This adjustment can be executed in approximately 1 second without consuming any energy. This system surpasses its electronic counterpart by more than 10 times in speed and boasts an exceptionally prolonged operational lifespan. The desk is available in two distinct finishes, providing options to suit various preferences.
